Pat took us all fishing for Salmon
and Ling Cod on the Reel-Lentlis.

Pat got to sit
with the skipper.

The rest of us freeze in coach class.

On our way at 6AM out of
Bodega harbor in search of Salmon.

Allison and Pat
discuss fishing strategies.

Our mate Justin sets up
for Salmon trolling.

Our rigs look cool but the Salmon
were not impressed.

Arch Rock off of Goat Rock Beach,
We started fishing for Ling Cod here.
A grey whale was surfacing less than 50 feet from us for a long time.

Allison waits patiently for a bite.

Got one!

Back at the dock - everyone caught fish.

Thank you Pat!
